The purpose of the St. Martin Parish Oral History Project is to collect and preserve the stories and memories of the people who live or have lived in St. Martin Parish. Every family has a history and every person has a story and together they make up the continuing narrative of our Parish.

Every interview collected becomes a part of the St. Martin Parish Library Genealogy and Louisiana Room Collection and is made available to all those interested in studying and enjoying our story.

We need your help. If you are willing to be interviewed, please give us the following information.
